

# Welcome to the R.E.Mind project newsletter

In our quest for innovation and excellence, we're thrilled to share a significant milestone - the Entrepreneurial Skills Model for SMEs in Social Economy!

Explore the details of our project by reviewing the State of Art Infographic. This visual representation encapsulates the essence of our Entrepreneurial Skills Model, providing a comprehensive snapshot of our progress.

Co-funded by the Erasmus+ Programme of the European Union

## NAVIGATING THE DIGITAL WORLD:

In a digitalized world, the labor market seeks individuals who go beyond traditional norms. Companies now crave talent with the prowess to provide solutions and suggestions at every turn. R.E.Mind aligns with this vision, aiming to cultivate a new breed of professionals ready to thrive in the dynamic service sector.

## ENTREPRENEURIAL SKILLS MODEL:

### Unlocking Potential:

Part of our endeavor involves crafting an Entrepreneurial Skills Model tailored for SMEs in the social economy. Our mission? To bridge the gap between schools and enterprises, creating a shared model that empowers students to develop their entrepreneurial mindset and competencies.

## PURPOSEFUL SURVEYS:

To shape this model, we proceeded on a thorough and insightful investigation :

**SMEs:** Understanding the entrepreneurial competencies needed in the service sector.

**VET Schools:** Identifying the skills essential for success in the social economy.

**Focus Groups:** Exploring the entrepreneurial skills of both students and teachers.

## DATA ANALYSIS MAGIC:

Our partner, Innovation Hive, coordinated this effort, crunching the survey data to create a comprehensive report. The result? A rich Entrepreneurial Skills Map tailored for each participating country.

## DOWNLOAD THE MODEL:

Ready to explore and integrate our Entrepreneurial Skills Model into your educational journey? Visit our website [here](http://remind-project.eu/) and empower your students and employees for success!
